

IN THE NATION, you have a trusted partner.

You know us for protecting cars and homes, but we do so much more, like offering the kind of employee benefits your clients are looking for.

A solid financial foundation

We were founded in 1926 and our mission always grows stronger: We help our members do together what they cannot do alone. We maintain an undivided, long-term focus on our customers because we exist to serve them. That not only makes us a different kind of company, it makes us the company that agents, employers and their employees can depend on.

A well-rounded company

Our heritage and diversified portfolio of businesses enables us to take a long-term approach to risk management, minimizing the impact of economic and market volatilities.
